

## UNREQUITED LOVE

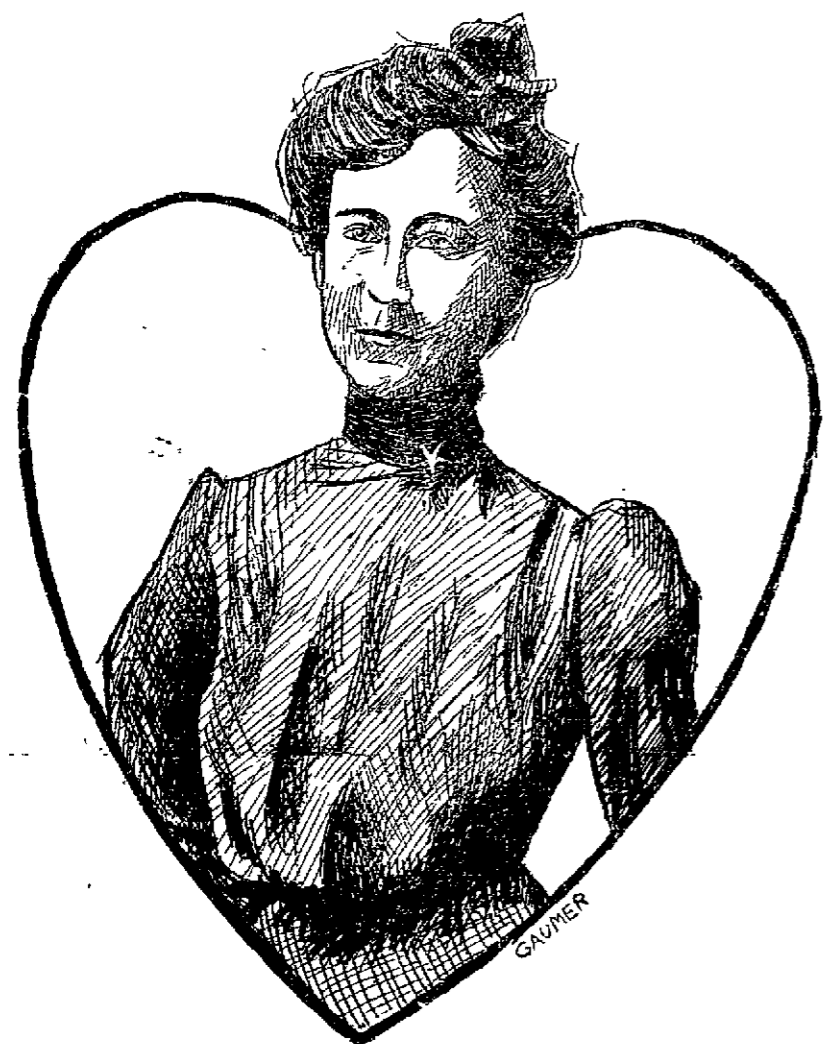

### Causes Daniel Johnson to Kill Himself Saturday.

#### Glass Factory Laborer Thought That When Mrs Todd Was Granted a Divorce She Would Become His Wife—Blew His Brains Out in Newark.

Probably crazed by the pangs of an unrequited love, coupled with the physical collapse attending the end of an extended spree, Daniel Johnson, aged 37 years, a laborer at the B. H. Everett's glass works, ended all Saturday morning by sending a 32-calibre bullet crashing into his over-wrought brain.

The shot which put an end to Johnson's existence was fired by his own hand, about 6 o'clock, and he lingered

ing were then pending. Mrs. Todd thought it would be the easiest way out of it, not to encourage him, but yet not give him cause for any violent measures, intending if he became annoying after the decree was granted, to leave him. Although she on frequent occasions told him she did not love him, and could not marry him, he continued to hope, and when the decree was granted last week he wanted to bring matters to an immediate cul-

about an hour and three-quarters before he died. The deed was done while the unfortunate man was lying in his bed at his home, rear of 116 Vail street, and according to Mrs. Mattie Todd, who was virtually an eye witness, under the following circumstances.

Johnson lived in Granville and on the first of December his home there was destroyed by fire. With him lived Mrs. Todd, who was employed as housekeeper, and his daughter Pearl, aged 10 years. In Granville he was a laborer, and after getting \$325 insurance did not do any work while there, and on the 23d of December moved to Newark. He did nothing here for a while, and then secured work at Moser & Wehrle's foundry, but only stayed there a couple of days. Ten days ago he went to work at Everett's glass works.

Mrs. Todd is the divorced wife of Dorr Todd, a school teacher, at Point Pleasant, West Virginia. The decree having been granted to her Thursday a week, by the Probate Court, on the grounds of gross neglect of duty and extreme cruelty. This petition was filed in Licking county.

She is a young woman, who is very pretty, and talks like a refined and cultured woman. She has one child, three years old, in the Children's Hospital at Columbus, and since her separation from her husband has been earning a living by working in private families. As this was not to her liking, she advertised for a position as housekeeper for a widow with children, and Johnson answered this, with the result that four months ago she hired with him for \$2 per week.

She had not been there long until Johnson fell desperately in love with her, and impudently began, in her presence, to add pounds of weight to his body. As the time passed, he

mination in their marriage. This the young woman refused with firmness, and then he went to drinking harder than ever, and was frequently drunk, at which times he was never abusive but rather melancholy.

Mrs. Todd said this morning: "At times however, he would threaten to kill me and himself, or would throw vitriol in my face if I left him. At other times he would say that he wouldn't kill or harm me or the children, but would kill himself. I wanted a guardian appointed for him some weeks ago but his sister-in-law said that would not do as he might kill the whole family. For a long time I have thought he was insane, but I got so that I did not fear him."

"I had made up my mind to leave him, and had my things packed to go to Columbus at 5:30 o'clock Saturday morning. Friday afternoon I was up town and made some purchases, and returning home got Johnson's supper when he came home from work. He ate and then went up town, remaining about two hours and a half. When he came back he was drunk, and very morose, refusing to talk with me or answer any of my questions. I went to my room and went to bed, and do not know what time he retired."

This morning, as was his custom, he got up and made the fire in the kitchen stove and later, about a quarter to six o'clock, I came down stairs to get breakfast. His bedroom and the kitchen open off the dining room on adjacent sides, and I met him in the dining room. Evidently he suspected that I was going to leave, for he said to me: "Well, I see you have made up your mind, and I don't see that my life is any good, so I guess I will end it. He went into his bedroom and I followed him to the bed room, but before he could get into the bed room, he had

## STRIKERS

### Terrorized the Town, Overpowering the Police Force—Some People Seriously Hurt.

Amesbury, Mass., Jan. 24—A mob of 500 people composed of striking carriage workers and sympathizers, terrorized this town last night, overpowered the police force, chased the non-union men up and down the streets, and pounded and kicked every one they could get hold of. Angry at seeing men at work in the places they might have occupied the strikers lay in wait for the men when the factories shut down last night. Some were seriously hurt.

### President Hurt.

Washington, D. C., Jan. 24—President Roosevelt is still suffering from a bruised hand and wrist as the result of his bout with General Wood. The bruise is like that on his leg which he received when his carriage was struck by a trolley car last summer. An operation may be necessary to restore his wrist and hand to its normal condition.

### Schwab Better.

New York, Jan. 24—The following cablegram dated Palermo has been received by Chas. Schwab's secretary in this city: "Reports concerning health being worse entirely unfounded. Am better."

## FOUR GUILTY

### Committee Alleged to Have Been Appointed to Assault Non-Union Brass Molders.

Chicago, Jan. 21—Four of the six defendants of the executive committee of Brass Molders Local Union No. 83 who have been on trial for several weeks have been adjudged guilty of conspiracy to commit an assault. The verdict of the jury as returned this morning was: Jacob E. Johnson, guilty and fined \$1250; Wm. H. Mangin, guilty and fined \$1250; Gus Hoppe, guilty and fined \$550; Thomas Christ, guilty and fined \$700; William L. Maloney not guilty; Gus Johnson not guilty. This committee was alleged by the state to have been appointed for the sole purpose of breaking the strike by assaulting non-union men filling positions of the strikers. It was known as the wrecking crew. "Stuggers" were hired to attack non-union men, receiving a stipulated sum for each assault, the average price amounting to \$25 for severe punishment that necessitated cessation of work.

Earl Linn, Daniel Crowley and Chas. Kelly were bound over at Zanesville for alleged criminal assault on Kate Harris, aged 11.

A. E. Fuller, stockman at Worthington and Mrs. Ora Morgan a handsome widow, slipped away to Chicago and were married.

## ROBBERS

### Tried to Force Ferryman to Take Them Across the River—One Was Shot.

Wheeling, W. Va., Jan. 21—At Powhatan, Belmont county, the Somerton bank robbers, five in number, tried to force the ferryman to take them across the river. He refused and a running battle ensued. One of the robbers was shot and possibly fatally hurt, but he was carried away by his pals in a skiff they stole. The fight was continued down the river but the robbers escaped toward Clarington.

Later word came from Clarington that officers are on the trail of the robbers who are said to have escaped to the West Virginia side of the river. Officers all along the river on both sides are watching every avenue of escape.

The robbers are supposed to be Stevens and Devine, the murderers of Clarence Warwick at Somerton, who escaped from the Belmont county jail before their second trial.

## TOO SWEET

### WAS FREEDOM FOR MR. DOOLEY OF COSHOCTON.

#### Colored Fellow Just Released from Workhouse at Zanesville Gets Into Trouble Here.

Coshocton, O., Jan. 24—Mr. Dooley, the colored gentleman, who is now in jail at Newark for having slashed Detective Roberts' clothing in order to break away from the officer is well known here. Dooley seems to be having a hard time. He was recently sent to the Zanesville works from this place by Mayor Rinner for abusing his family and otherwise misbehaving. Then Dooley's better but foolish half appeared before the mayor and impudently threatened to set Dooley free. And being gallant, and not impervious to the tears of femininity, Mayor Rinner, Tuesday pardoned Dooley on condition that he never again set foot within the corporate limits of Coshocton.

Dooley disappeared from Zanesville in a flash, and went to Newark. His evil star was still in the ascendant, however, and Wednesday morning without seeming cause Dooley murderously assaulted B. & O. Detective Frank Roberts at the B. & O. depot. It was about 4 a. m. and Dooley slipped upon the unsuspecting detective and slashed him over the head with a knife. B. & O. detectives are hard-headed, however, and the officer gave chase, but failed to catch the doughty Dooley.

Very unwisely, Mr. Dooley remained in the balliwick and was captured on Thursday by the Newark police and landed in jail. Justice is swift in Newark, and Dooley was at once taken before a squire and bound over to the Licking county grand jury in the sum of \$200 for cutting with intent to wound. Not having recently received any money in letters, Mr. Dooley is once more hibernating behind latticed windows, this time in the Licking county jail. He is bound to remain until April.

## ENGLAND ASHAMED

### Of Ally Whose Shells Slaughter Little Children

#### Bello Still Holds the Fort Though Germans Are Keeping Up the Fire—People Terrorized—Kaiser's Ships Still Shelling San Carlos.

WASHINGTON, Jan. 24—It is now confidently believed that unless Germany changes her course towards Venezuela, Great Britain will openly break with Germany and sever the present alliance.

WASHINGTON, Jan. 21—It is the conviction of government officials today that Germany, through her policy of repeated delays, hopes to make it impossible for Venezuela to meet the claims of her creditors, and thereby to render a grant of territory the only solution and in this manner force the Monroe doctrine to a test, the most severe it has ever had. In this scheme she is trying to involve Great Britain by making the latter co-responsible for all of her own acts.

London, Jan. 24—A story is being circulated in diplomatic circles here that the court party with King Edward at its head, approves of Germany's actions in Venezuela and is anxious to continue the alliance. The story is probably based on the fact that the King has arranged for a celebration of the Kaiser's birthday at Windsor next Tuesday and has especially invited the German ambassador to be present. This is the first time that Emperor William's birthday has been specially observed by the court.

London, Jan. 24—The press and public decried Germany's action in Venezuela. This evening's Star says: "We are ashamed of this ally of ours, whose shells slaughter children. We dread the disaster into which the German emperor is dragging us. He is acting like a mad man with a lighted torch in a powder magazine."

The Liverpool Post says today that Germany's actions are entirely contrary to the British ideas of what is reasonable and honorable.

Maracaibo, January 24—At 2 o'clock Friday afternoon Port San Carlos was in possession of the government forces, and the bombardment by the German warships still going on. There has been no material change in the situation. The gunboat Panther was the only vessel to come inside the bar. Communication with the fort is very difficult.

Great excitement prevails in Maracaibo. President Arangueren, of the state of Maracaibo, has, by a decree published last night, called to arms all citizens from 16 to 60 years of age belonging to the militia, in order to resist the possible landing of German forces at Lake Maracaibo. About 500 men immediately answered the call.

AT LONG RANGE. Germans Are Still Pouring Shell Into Fort San Carlos. Caracas, Venezuela, Jan. 24—Advices which come from Maracaibo both official and private, agree in declaring that the Venezuelan campaign commanded by General Bello, still holds Fort San Carlos at the entrance to Lake Maracaibo. The German gunners Vindia and Gazelle, which have been shelling the fort since Friday, continued to shell it Friday night, but they refused to make distance.

The stone work of the fort has been broken into fragments by the German shells and pulverized into the earth. The Venezuelan government has been advised that General Bello can maintain his position in the fort. This is despite the fact that it has been shelled news from him.

"BREAK AWAY!" Cry the Britons, Who Look on the Alliance With Disdain. London, Jan. 24—Public sentiment in favor of Great Britain is growing rapidly. It is the only opinion which has been expressed in connection with the Venezuelan affair.

So long as the alliance stands in the way of Great Britain's interest in Reading, fully realized that the world has a right to hold Great Britain equally responsible with Germany for any action

which the forces of the latter may commit. The average Englishman harbors no delusions on the subject. He is quite alive to the danger which attends a continuance of Great Britain's responsibility for bombarding. He realizes that public opinion in America is being rapidly exasperated and that every shot fired by German is adding to the tension of the situation.

Every Englishman, whether in high or low position, has but one thought. That is that Great Britain should without delay break loose from Germany. The Daily News sounds the alarm, saying:

"Lord Landsdowne has only one safe and straightforward course open to him. He must let Germany know, that, with or without her consent, the British fleet will be recalled at once from Venezuelan water. If Germany declines to raise the blockade, that is her affair."

OPINIONS. Of Several Senators on the Situation. Strong Expressions are Used. Washington, Jan. 24—Senator Jones of Arkansas, says it is time to call a half. Germany has gone farther than necessary to collect a claim.

Senator Mason of Illinois says Germany has not only violated the Monroe doctrine but has virtually violated a flag of truce. He says: "It is an infamous business."

Senator McLaurin of Mississippi says: "If I had my way I would drive Germany and England out of Venezuela."

Senator Stewart of Nevada, says, that while Germany is going around with a chip in her shoulder he sees no reason why we should knock it off.

### AND THEREBY PUT THE BAND OUT OF BUSINESS.

#### Bobby Burns Declares That he Can Break Up Any Band With a Lemon.

Chicago, Ill., Jan. 24—Because he is a part of a German band on command by General Bello, still holds Fort San Carlos at the entrance to Lake Maracaibo. Gentlemen,—Rheumatism is certainly one of the most tedious and painful troubles one can suffer from. I have had some many a night and day many a year from pain caused by rheumatism. The doctor said it was an excess of uric acid in my system which caused my joints to swell, also my hands, so that I could not use them. A neighbor who had been using

N. B.—Although Dr. W. B. Caldwell did not prepare the formula for Syrup Pepsin with the expectation of making it a rheumatic cure, it is nevertheless true that certain ingredients of the medicine are used by practitioners in the treatment of rheumatism, and in a great many cases, of which the above is a notable example, Dr. Caldwell's Syrup Pepsin has been known to effect a permanent cure.

## The Ills of Women Act upon the Nerves like a Firebrand.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous dependency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

### Details of a Severe Case Cured in Eau Claire, Wis.

"DEAR MRS. PINKHAM:—I have been ailing from female trouble for the past five years. About a month ago I was taken with nervous prostration, accompanied at certain times before menstruation with fearful headaches. I read one of your books, and finding many testimonials of the beneficial effects of Lydia E. Pinkham's Vegetable Compound, experienced by lady sufferers, I commenced its use and am happy to state that after using a few bottles I feel like a new woman, aches and pains all gone.

I am recommending your medicine to many of my friends, and I assure you that you have my hearty thanks for your valuable preparation which has done so much good. I trust all suffering women will use your Vegetable Compound."—MRS. MARY TIERZ, 620 First Ave., Eau Claire, Wis. (May 28, 1901).

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries, and is invaluable during the change of life, all of which may help to cause nervous prostration.

### Read what Mrs. Day says:

"DEAR MRS. PINKHAM:—I will write you a few lines to let you know of the benefit I have received from taking your remedies. I suffered for a long time with nervous prostration, backache, sick headache, painful menstruation, pain in the stomach after eating, and constipation. I often thought I would lose my mind. I began to take Lydia E. Pinkham's Vegetable Compound and was soon feeling like a new woman. I cannot praise it too highly. It does all that it is recommended to do, and more.

"I hope that every one who suffers as I did will give Lydia E. Pinkham's remedies a trial."—MRS. MARIE DAY, Eleanora, Pa. (March 25, 1901.)

## Free Medical Advice to Women.

Mrs. Pinkham's vast experience with such troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

## Another Case of Nervous Prostration Cured.

"DEAR MRS. PINKHAM:—Allow me to express to you the benefit I have derived from taking Lydia E. Pinkham's Vegetable Compound. Before I started to take it I was on the verge of nervous prostration. Could not sleep nights, and I suffered dreadfully from indigestion and headache. I heard of Lydia E. Pinkham's wonderful medicine, and began its use, which immediately restored my health.

"I can heartily recommend it to all suffering women."—MRS. BERTHA E. DEBRINKS, 254 Lapidge St., San Francisco, Cal. (May 21, 1901.)

## MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

**W**INE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club of that city, speaks for herself and many friends when she bestows the following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElee's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies' Advisory Department, Chattanooga, Tenn.

**HUGHES****STUDENT DETECTIVE HAS LEFT TOWN.**

Young Man Seemed Anxious to Get Away From Granville—Will Probably Not Return.

Granville, O., Jan. 24.—Pearl Hughes, the student who has been the star witness in the liquor trials at Newark, has suddenly left town and it is believed that he has shaken the dust of Granville off his feet for some time to come. If this is true, it is probable that he will not again appear at the trial of the Newark cases, and in that event the further prosecution of the Newark saloon keepers seems improbable. Several cases had been set for February 2 before Mayor Forry. Hughes packed up his belongings early this morning and left town on the first train for Troy, Ohio. He has not been in college this term and it is not thought that he intends to return. Before going away Hughes appeared to be quite nervous for some unknown reason and he seemed glad to get away.

In the last few cases where a fight has been made Hughes' testimony has been roughly attacked and he was seen to squirm when in the McKenna case, which resulted in the acquittal of Mr. McKenna, lawyer Gil Daugherty for the defense going after Hughes roughshod.

Hughes is the young man who claims to have entered many saloons in Newark on Sunday and to have purchased whiskey which was offered as evidence in the trial of cases.

It is understood that Hughes' action has not met with the approval of the student body of Denison University, who showed feeling in the matter, by a virtual ostracism of the young detective from their companionship and intercourse.

This being apparent to Hughes, it is thought that it tended to make his life almost unbearable and probably contributed to the causes of his departure.

**Bribery Case.**

Washington, Jan. 24.—Before the naval affairs committee this morning Philip Doblin testified that Lemuel Quigg when in Congress was anxious to get Congressman Lessler's vote for Holland sub-marine boats. Quigg said there was \$5,000 in that he was not personally interested but some of his friends were. He also said: "I think I can fix it for \$10,000 for you."

**Vast Mining Operation.**

One of the most gigantic mining operations ever undertaken is about to be carried out at Crook, Colo. **NEW SAYINGS OF MRS. WIGGS**

"I've made it a practice to put all my worries down in the bottom of my heart, then set on the lid and smile."

"You never kin tell which way pleasure is a' comin'. Who ever would 'a' thought, when we aimed at the cemetery, that we'd land up at a first-class fire."

"I b'lieve in havin' a good time when you start out to have it. If you git knocked out of one plan, you want to git yerself another right quick, before yer sperrits has a chance to fall."

"The way to git cheerful is to smile when you feel bad, to think about somebody else's headache when yer own is 'most bustin', to keep on believin' the sun is a-shinin' when the clouds is thick enough to cut."

"Don't you go an' git sorry fer yerself. That's one thing I can't stand in nobody. There's always lots of other folks you kin be sorry fer 's'id of yerself. Ain't you proud you ain't got a hare-lip? Why, that one thought is enough to keep me from ever gittin' sorry fer myself."—From "Lovey Mary," in the Century Magazine.

## Foot Form.

### The Carl & Seymour Bunion Shoe.

Our Bunion Shoe for Men is our own invention. If everybody, from a child, always wore our Good Sense Shoes there would have never been any bunion shoe, for there would never be any bunions. But other shoes are worn, and bunions come in consequence, and our bunion shoe is made to meet the emergency. The ordinary ready-made shoe—usually bought one or two sizes too large—will not do it; and the shoe made to order often fails. Our Bunion Shoe has the right shape, giving plenty of room for the enlarged joint, but fitting closely elsewhere. Like our other shoe it is the outgrowth of good sense applied to an exact luminous knowledge of what is needed.

Catarrh is Found Everywhere.  
Catarrh is at home anywhere and everywhere. While more common in cold, changeable climates, it is by no means confined to them, but is prevalent in every state and territory in the union. The common definition of catarrh is a chronic cold in the head, which if long neglected often destroys the sense of smell and hearing; but there are many other forms of the disease, even more obstinate and dangerous. Catarrh of the throat and bronchial tubes as well as catarrh of the stomach and liver are almost as common as nasal catarrh and generally more difficult to cure. Catarrh is undoubtedly a blood disease and can only be successfully eradicated by an internal treatment. Sprays, washes, and powders are useless as far as reaching the real seat of the disease is concerned. Dr. McVerney advises catarrh sufferers to use a new preparation, sold by druggists, called to Stuart's Catarrh Tablets, because actual analysis has shown these tablets to contain certain anti-septic qualities of the highest value and being an internal remedy, pleasant to the taste, convenient and harmless, can be used as freely as required, as well for children as for adults. An attorney and public speaker, who has been a catarrh sufferer for years, says: "Every fall I would catch a cold which would settle in my head and throat and hang on all winter long and every winter it seemed to get a little worse. I was continually clearing my throat and my voice became affected to such an extent as to interfere with public speaking. I tried troches and cheap cough cures and sometimes got relief, but only for a short time, until this winter when I learned of the new catarrh cure, Stuart's Catarrh Tablets, through a newspaper advertisement. Two fifty cent boxes which I bought at my druggist's, cleared my head and throat in fine shape and to ward against a return of my old trouble I keep a box of the tablets on hand and whenever I catch a little cold I take a tablet or two and ward off any serious developments. Stuart's Catarrh Tablets deserve to head the list as a household remedy, to check and break up coughs and colds, because unlike many other catarrh and cough cures these tablets contain no opiate, cocaine or any injurious drugs." 22-24-25-31

**TEACHERS**  
Held Their Quarterly Meeting in Newark Saturday—The Attendance was Not Large.  
The Licking County Teachers' Quarterly Association was held at the High School Chapel this city, today. It had been announced that the Association would be held in Kirtersville today, but owing to the smallness of that place, the meeting the attendance there the meeting was held here. Owing to the change the attendance was not large, but nevertheless there was quite a number of teachers present from all parts of the county. The principal features of the meeting were the addresses of the instructors, Dean Henry G. Williams, of the Ohio University, Athens, and Hon. Lewis D. Bonbrake, State School Commissioner of Columbus. The morning session was taken up with the address of Prof. Williams on "The Rural School Problem." Prof. Williams and Mr. Bonbrake both delivered addresses this afternoon.

**UNREQUITED LOVE**  
(Continued from Page 1.)  
divined what had happened. I went through the bed room and heard him groan several times, but did not look on the bed where he lay. I went up stairs and told Pearl to get up, and then we went over to Mr. Lon Dush's, 119 Vail street, and told him of what had occurred. "When Johnson said he was going to kill himself I did not believe him, as he had frequently made the same threats before. "Johnson was a man who gambled some, but I do not think he has spent all of the \$325. On December 6th he paid me \$60, which squared us to that date, for my wages and money he had borrowed from me. Since that time he has never paid me anything. On Christmas he bought two gold watches for \$15 each, one of which he gave to me, and the other he kept. "This is all the money I know he has spent, except for some household necessities. Pearl's grandmother clothed her and did everything except furnish her with meals. There are three other children, Willie, aged 14, Blanche, aged 5 at the home of their uncle, Charles Johnson of Granville, who now lives in Columbus, and Chloe, aged 12, with a family named Cluggish, also of Granville. Johnson also has a sister, the wife of Thomas Jones, a Granville jeweler." Messrs. Lon Dush, Frank Trost and Carl Wagers, neighbors who were notified of the shooting, went into the house and were met by a ghastly and horrible sight. On the bed lay Johnson in his death struggle, a gaping wound in the middle of his forehead where the bullet entered, and from which the blood and brains were oozing, staining the pillow and sheets a bright crimson. The man had on his shirt, underclothing and socks, and the pistol, a 32-calibre Harrington & Richardson make, was lying under his right hand on the bed. He lived until about 7:45 o'clock when he died, before the arrival of a physician. A telephone message brought Coroner C. F. Legge to the scene, who ordered the body removed to Bowers & Bradley's undertaking establishment, where it was prepared for burial. Mrs. Todd will probably remain in Newark until after the inquest, when she will go to Columbus. Her parents, Mr. and Mrs. O. S. Markey, live on a farm in Monroe county, where they are highly respected people. Her mother was in Newark and visited her daughter last week. Mrs. Todd is spoken of in the highest terms by the neighbors, who know her. Johnson's remains lay at Bowers & Bradley's until noon, when they were turned over to township undertaker William Evans, who will bury the suicide. Coroner Legge this afternoon, at 1:30, held an inquest on Johnson's death, and Mrs. Todd after giving her testimony, left on the Buckeye Lake 3 o'clock car for Columbus. The suicide was a tall man, sparely built, with reddish curly hair, and florid complexion.

Are Changed, the Thirty Days Extension Asked for Having Been Granted by Court.

Dayton, O., Jan. 24.—It is reported that the Appleyard Syndicate intends to change its plans in making an entrance into the city in constructing the line to Cincinnati. The right of way through South Park will be most expensive, and it is now asserted that surveyors have been at work attempting to extend the line from its present terminus to the Dayton, Springfield and Urbana Line, which is controlled by the same syndicate. It is possible that freight will be transported by electric power.

## ANECDOTES OF HEWITT

Incidents In His Career While Mayor of New York.

### RICH AND POOR ALWAYS RECEIVED

How He Advised a Discharged Workman Who Came to Him For Aid. His Reception of a St. Patrick's Day Delegation—A Washington Incident.

Of the late Abram S. Hewitt, the former mayor of New York, several stories are told by the "old timers" around the city hall.

One night at Tammany Hall Mr. Hewitt, then a congressman, was slated as chairman of the county convention, says the New York Tribune. Mr. Hewitt was on his way upstairs with John Kelly and said to Mr. Kelly: "By the way, Mr. Kelly, I don't know anything about the 'slate.' Who are going to be nominated tonight?" Kelly began to go over the list and finally remarked:

"And I guess we'll put Billy Walsh in for county clerk."

"Why," said Mr. Hewitt, "Walsh keeps a rum shop. He shouldn't be nominated."

"Well," said Kelly grimly "what if he does? It's a legalized business, running a rum shop, and when it comes to personal honesty Walsh is just as honest a man as you or me."

"I hope he's personally honest, for I don't think much of his business," said Mr. Hewitt.

Walsh was nominated. Edward L. Carey, a Seventh ward coal dealer in New York and an ardent sympathizer with the Fenian movement in Ireland, headed a delegation to the city hall on the Saturday before St. Patrick's day, which fell that year on Monday. Carey was a sharp, outspoken man and always drove straight to the point without waste of words.

"Mr. Mayor," said he to Mr. Hewitt, "who on that day was not feeling particularly well, 'we are the men who elected you, and we've come to remind you that Monday is the 15th of March. We have come to ask you to fly the Irish flag from the city hall on St. Patrick's day. We think this is only reasonable and proper, as we are the men who elected you.'"

"Oh, so you are the men who elected me, are you? And you want me to fly the Irish flag, do you?" said the mayor coldly. "Well, I want to say to you that I won't do anything of the kind. Good day, gentlemen."

Carey and his colleagues went away boiling mad, but afterward they admitted that if Carey had not been so pompous and undiplomatic the mayor doubtless would have treated their request with greater consideration.

On the same afternoon of the Carey Irish flag incident news came that the German emperor was dying. Mayor Hewitt sent for Martin Keyes, the keeper of the city hall.

"Mr. Keyes," said he, "if the German emperor dies tonight or tomorrow please fly the flag at half mast on Sunday and Monday—but, with a pause, 'the American flag, Mr. Keyes, the American flag.'"

Turning and looking out of the window, he remarked as he thrust his hands into his pockets:

"If the German emperor should die before Monday and the American flag should fly at half mast from the city hall on St. Patrick's day, I guess my Irish friends will think I'm a tough citizen."

The latchstring always was out for rich and poor alike at the city hall while Mr. Hewitt was mayor. He used to stay in the outer large room, and people wishing to see him took their turn.

"Mr. Hewitt," said one of his callers, a man dressed like a laborer, "I've been discharged from my place because I don't belong to the union. I'm a married man with a family and can't afford to be idle. I thought I'd come down and see if you can't do something about it."

"Discharged for not belonging to the union, were you?" asked Mr. Hewitt. "Well, then, why don't you join the union?"

"I'm against them," was the reply, "for the same reason that you are against them."

"Well, my friend," said Mr. Hewitt, "I can afford to be against the union because I don't have to work as you do, but if I were you and couldn't get a job because I was nonunion I'd go and join a union at once and not let my family suffer."

Mr. Hewitt used to tell the following story about a Washington incident: "One day a number of men from New England were at the capitol, and one of them said to a friend that they all wanted to see what a Tammany congressman looked like. The Boston congressman who was showing them around steered them over my way and introduced them. As they were leaving me I saw one of them turn. Looking at me closely he remarked to one of the party: 'So he's a Tammany congressman, is he? Well, he ain't such a tough looking man after all.'"

In February.

Next February each day of the week occurs four times, says the New York Press. This has happened but fifteen times in the last 152 years—namely, in 1778, 1789, 1795, 1901, 1907, 1918, 1920, 1923, 1944, 1957, 1962, 1974, 1985, 1991 and 1993. In the next fifty years it will occur five times—in 1914, 1925, 1931, 1942 and 1953.

## THE RAILWAYS

### Railroad Building in 1902.

It is gratifying to learn that, during the year just closed, there has been greater activity in railroad building than in any 12 months for ten years past. After the extraordinary activity of the period of 1885-1890, when the total construction in one year was about 12,000 miles, there was a rapid decline until 1895, when the small total of 1428 miles was built. Since that year there has been a steady increase, the total in 1898 being 3265 miles; in 1900, 4894 miles; in 1901, 5368 miles; while in 1902 the total exceeded 6000 miles, says the Scientific American. All but a few states in the union participated in this extension. The greatest aggregate length, 570 miles, was laid in Oklahoma; the west, as is natural, being the field of the greatest activity. The second greatest length of road was that built in Texas, where about 500 miles was constructed. Then follow in their order Arkansas, with 370 miles; Indian Territory, with 363 miles, and Georgia with 336 miles. In addition to the total track embraced in these figures it must be remembered that a considerable length of second track for siding was constructed. There was also a vast amount of reconstruction work carried out which does not figure in this estimate; and this, if recorded, would convey an even stronger impression of the gratifying railroad activity of the year just closed.

B. & O. Track Inspection.

An inspection of the track of the Baltimore and Ohio system from end to end, including all the main lines and important branches, is now being made. The inspection party left Pittsburgh Monday, going out over the Wheeling and Pittsburgh division and making the run through to Newark. From this city the special proceeded to Chicago. The inspection includes the Baltimore and Ohio Southwestern as well as the B. & O. proper. The feature of the inspection, from a layman's viewpoint, is that the inspection is being conducted with an electro-pneumatic mechanical track inspecting car.

Some weeks ago a track inspection on the B. & O. was conducted with a similar car brought from the Pennsylvania lines. This inspection was conducted by Superintendent C. M. Bennett of Zanesville, who originated the special appliances, and who is in the employ of the Pennsylvania lines west. The success attained was such that the B. & O. officials ordered a car built according to Mr. Bennett's plans, which was done. This car, No. 366, now being used, is, however, much more elaborate than its prototype, and contains several improvements, as well as some additional apparatus.

The inspection apparatus furnishes a record of the number of joints on each rail that are three-eighths of an inch low, the number of joints that are one-fourth of an inch low and the number of joints that are one-eighth of an inch low. The track is run by the track bed either out of 25 or 30 cross level. The three-eighths inch joints are marked on the rail with a white spot

and the "car swings" with a yellow spot.

Handkerchief Ends For Women.

The very latest "fad" in handkerchiefs for women is to have them dyed to match each gown, and no matter what the shade may be it can be exactly matched by the dyer in lawn, batiste or silk handkerchiefs, says the New York Tribune. These handkerchiefs are plain, with only the narrowest hem possible. In the matter of white handkerchiefs there is much variation both in law and embroidery, the latest fang being small handkerchiefs of white silk, finished with a tiny edge of velvet. Others have inch wide borders of pink silk.

## NEDDERMEYER

WILL LEAD ORCHESTRA AT THE PARK THIS SEASON.

Manager Will D. Harris Has Just Made a Contract With the Columbus Musician.

Mr. Will D. Harris, manager of Idlewilde Park, made an announcement Saturday that will interest all the patrons of the Park, the coming season, and will be especially good news to the lovers of music in Newark.

A contract was closed Saturday, with Mr. Fred Neddermeyer, the famous violin soloist and orchestra leader of Columbus, by which he will furnish the music at the Casino, employing an orchestra of twelve pieces. Mr. Neddermeyer will play first violin and personally conduct the orchestra, which will undoubtedly be the best ever heard in Newark.

Fred Neddermeyer is known all over Ohio as one of the leading musicians in the state. His theatre orchestra, at the Columbus theatres have been one of the principal attractions at the Columbus play houses where they appeared. He had charge of the Great Southern orchestra until recently since which time he has furnished the music at the Empire.

The securing of this eminent musician at a large salary, to furnish the music at Idlewilde, is in keeping with the plans in the mind of Manager Harris to make Newark's park second to none in Ohio, and one of the best in the country. A large outlay of money is contemplated for great improvements, the nature of which, when announced, will surprise Newark people, in their scope and magnitude.

### No Election in Colorado.

Denver, Co., Jan. 24.—Joint sessions of the Democratic members of the two houses of the Legislature were held yesterday. Action on the senatorship was blocked again by the absence of one man. Representative Kelly, who could not be found the day previous, was present, not having been kidnapped, but Representative Madden had disappeared, and at a late hour had not been found. Later a ballot was taken without him, two sick senators being brought in carriages. Fifty votes were cast, all for Teller. Republicans took no ballot.

Mrs. PLACE'S FUNERAL.—The funeral of Mrs. William Place, 66 Clinton street, will take place Sunday at 1:30 o'clock and will be in charge of the Lady Maccabees. The Rev. J. C. Schindler will speak.

### MISSISSIPPI ROUSTABOUTS.

They Are Travelers, Nomads, Anticreates, Men of Leisure.

The black steamboat roustabout of the Mississippi is as much part and parcel of the river as is the water and quite as necessary. There is an impression that the roustabout is a much abused individual, an inclination to class him along with the slavlike chens hand. This is wholly wrong. The roustabout is traveler, nomad, anticreates, man of leisure. He is little seen on the upper river, but in St. Louis, Memphis and Orleans there are enough of him to make five times as many boats as touch at those ports. Very lower river jacks have trouble in shipping full crews of the blacks. They are compelled to ship for each trip separately, because it does not please the rouster to take more than one trip in a month. The balance of the time he plays gentleman of affluence. On the Memphis levee I listened to a group of the bawling fellows as they lolled in the shade of a freight pile. Not one was there who had not visited at some time every point in the Mississippi valley at which the steamboat calls. They were equally at home in Pittsburgh or Orleans, Little Rock or Chattanooga. In summer the rousters are fairly willing to work, though they exercise fine discrimination in the matter of boats, but in the fall, when steamers are plentiful and labor scarce, they become exceedingly choosy. They do not eagerly around the barge made then. He has to come to them. They regard coldly the average monthly wage, \$40. They ask for \$60 and even for \$80, and they get it. If they hold a grudge against the mate of a boat, they demand his discharge and get that too. But the rouster, summer or winter, that the rouster steps upon a steamer's forecastle his hours of ease are done. He works day and night, a sort of work no white man could stand for even twelve hours. He sleeps at odd numbers between land and sea, sprawled on deck or cotton bale. He wears shirt-sleeved trousers and shoes and finds them burdensome. He lays aside his powers of sight and reasoning, retains only ears and hands and becomes a powerful machine, answering to the slightest inclination of a mate's will. With a Gibson in St. Louis.

## DON'T OVERLOOK THIS.

A Careful Perusal Will Prove Its Value to Every Newark Reader.

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptics. Now-a-days the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Newark reader:

Mr. C. W. Manville, 257 West Main street, says: "The la grippe left my kidneys in bad condition. They did not secrete properly. At the same time I suffered terribly with pains in my back over my kidneys. I just about gave up trying anything in the hope of getting better, when the natural desire to test a well recommended medicine. I started using Doan's Kidney Pills, sold at Crayton's drug store. The results were decided and lasting."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

#### NEW KIND OF FISH.

Roscoe Thomas Captures a Monster  
Near Crisfield, Md.

Roscoe Thomas, son of Joshua Thom-  
as, of near Hopewell, Md., while out  
ducking in a small craft in Jones  
creek, near Crisfield, Md., saw a large  
fish trying to make its way through the  
ice, says the Philadelphia Press. The  
monster had got into the shoal water,  
plunging itself between the ice and  
the bottom, when Mr. Thomas' at-  
tention was attracted by the sudden  
breaking of ice. He immediately shot  
it.

The fish weighed 125 pounds. It was  
five feet and one-half an inch long. It  
has a mouth like a crocodile, two rows  
of large white teeth and a bill resem-  
bling that of a duck. It was thought  
at first to be a herring hog, but since  
it has been proved to be a different  
kind of a fish.

### TILLMAN-GONZALES.

this action of the President as an in-  
sult to his uncle Ben, and straightway  
wired the chief executive that he  
would also withdraw the invitation  
which he had sent to him to present  
a sword to Major Jenkins. This in-  
sulting message to the President raised  
a tremendous row. The Exposition  
company formally repudiated the ut-  
terances of Lieutenant Governor Till-  
man embodied in the telegram, and  
Governor McSweeney, wired the Presi-  
dent that Tillman was alone responsi-  
ble for his unmannerly action. Till-  
man was roundly denounced in the  
newspapers of the state, and a move-  
ment was begun to procure funds to  
buy another sword for Major Jenkins,  
and have the President present it, as  
originally planned.

Editor Gonzales took a conspicuous  
part in this, the beginning of the un-  
doing of Tillman. The funds were easily  
obtained, a handsome sword was  
bought and the President, who had ig-  
nored the lieutenant governor's mes-  
sage, graciously consented to present  
it to Major Jenkins. If Tillman felt  
the stinging rebuke thus administered  
to him, he concealed it jauntily  
enough.

#### Defeated by Gonzales.

The merciless indictment of Lieu-  
tenant Governor Tillman by Editor  
Gonzales in the state newspapers dur-  
ing the campaign last summer un-  
questionably defeated him in the race  
for the gubernatorial chair. He was  
branded a "liar," and documentary  
evidence was submitted to prove it.  
Tillman never made any effective re-  
ply. Throughout the campaign the  
State frequently referred to Tillman as  
a "scoundrel," "blackguard," "drunk-  
ard," and "criminal candidate." The  
State was supported in its fierce and  
pitiless attacks on Tillman by ten out  
of the eleven daily newspapers in the  
state and every weekly newspaper of  
influence.

### THE W. C. T. U.

At the meeting of the W. C. T. U.  
held on Tuesday, January 20th, the  
devotional half hour was in charge of  
Mrs. Metz, who read a portion of the  
14th chapter of First Corinthians for  
the lesson. Several other selections  
were referred to in bringing out many  
helpful thoughts, which were listened  
to with much interest. This was fol-  
lowed by a responsive reading, led by  
Mrs. Gridley, the last hour being de-  
voted to business. The Superintendent  
of Literature solicited subscrip-  
tions for the state and national pa-  
pers. Very encouraging reports were  
given by the solicitors of Rescue work.  
A letter was received recently from  
the State officers, in which suggestions  
were made for the welfare of the local  
unions.

Next Tuesday afternoon there will  
be a Mothers' meeting. The following  
program has been arranged by the  
Superintendent, Mrs. B. F. Patt: De-  
votional; co-operation in child train-  
ing, Mrs. Gridley; teaching divinity in  
the home, Mrs. Mitchell; the court of  
another chance; music. During the  
social hour refreshments will be  
served. A cordial invitation is ex-  
tended to friends of the union.

The president urgently requests that  
all solicitors report at next Tuesday's  
meeting in order to meet the commit-  
tees of the unions in the county to  
decide where the Rescue Home will  
be established.

London shocked by its drunkenness  
—The municipal authorities of London  
are at length shocked at the preva-  
lence of drunkenness. The official re-  
ports of the increase in the number  
of convictions for drunkenness, more  
than 40,000 the past year, are start-  
ling, disgusting, pitiful, appalling. The  
situation is declared to be intolerable.  
Something must be done about it.  
Some heroic remedy has got to be  
resorted to in order to save the  
world's greatest city from its impend-  
ing moral and social debauch. And  
what is it that official London propo-  
ses to do about it?

#### Alfonso's Charmed Life.

The young king of Spain has no fear  
of anarchists, says the New York  
Press. The astrologers have told him  
that he bears a charmed life and will  
live to a good old age. One horoscope,  
made in 1838, foretells attempts upon  
his life, but says that he will receive  
nothing worse than a possible scar on  
his face from a bullet or knife. He is  
to marry a dark woman older than  
himself, very rich in money and lands,  
and the couple will live long and hap-  
pily together. Spain is to begin to  
exceedingly prosper under his reign  
when he arrives at the age of twenty-  
two. He will be victorious in many  
battles.
